## LATEST MONTANA OIL FIND CONFIRMS EMINENT GEOLOGIST'S PREDICTION

The quantity and quality of oil found at Kevin, Montana, sixteen miles south of the Alberta boundary will prove that oil will be found in Eastern Alberta. The golden lane that is supposed to extend from the Gulf of Mexico to the Arctic Ocean has been located, and at a depth that can be easily reached by modern drilling methods. That this lane extends through the Irma field, at no great depth has been predicted by many Geologists. It seems a matter of only a short time till it will be tapped and the precious fluid released.

Mr. S. E. Slipper, petroleum engineer, of the Department of the Interior, with headquarters at Calgary, in an interview with the Calgary Herald, is reported to have stated: It does not matter much whether the strike at Kevin is a big one or a little one. The fact that they have got the grade of oil which I have examined from the Kevin well is enough for any geologist to work upon. In my opinion there are four areas in Alberta where a production of oil can be expected. In three of these it is absolutely certain that oil will be brought forth — and the Sweet Grass area is one of them. Mr. Slipper does not state in this article, where the other areas are, in which oil will be found. Last week while in Calgary the editor of the Times tried to locate Mr. Slipper, to find out just what areas he referred to, but as he had left for the south country we were unable to interview him. Knowing that Mr. Slipper has a warm spot in his heart for the Irma and Birch Lake fields, we are quite confident that these are two of the areas referred to.

Both of these areas have prominent outcroppings of feruginous sandstone indicating a domal formation suitable for the accumulation of large bodies of oil, sands should be found at a depth within reasonable distance of the surface. While in Calgary we secured a sample of oil from the Kevin well. This has the appearance of being a very high grade oil. The Calgary men who have visited the well report very fine treatment from the Gordon-Campbell crew, who appeared to do everything possible to allow the many visitors to thoroughly inspect the well. Samples of oil was secured in all kinds of containers, from small bottles to tank wagons.

No analysis of the Kevin oil has been reported yet, but from appearances it has all the good qualities of the Cat Creek oil which is one of the highest grade oils produced in the United States. This oil has a gravity of 49.3, contains 63.2 per cent of Gasoline and Naptha, and 25.5 per cent of Kerosene. Apparently the further north the oil fields are developed, the better the grade of oil found.

## AFTER NEARLY SIX WEEKS TIME STANDARD TOOLS HAVE BEEN INSTALLED.

We understand that drilling has been resumed at the Imperial Oil Co's well north of Fabyan. About six weeks ago drilling with the rotary rig was discontinued, and the crew started setting the casing in cement and rigging up a set of standard tools. Most of the rotary tools have been left in place so that if it is found advisable to continue drilling with the rotary drill it will not be necessary to dismantle the standard equipment. A separate engine has been set up and everything is apparently in shape to continue the well to any desired depth. Mr. J. Parr who has been on the drilling crew has left for Pouce Coupe. Mr. N. Harvey who has been away since the rotary drill stopped work has returned to act as fireman. Considerable activity is being shown around Fabyan station. It is rumored that a new store, a restaurant, blacksmith shop, and several new residences will be built as soon as the frost is out.

## FARMERS HOLD CREAMERY MEETING

Last Wednesday afternoon an enthusiastic meeting was held when the plan of building the creamery was discussed. About seventy five farmers were in attendance. The matter of financing and operating a creamery was fully discussed, and a committee appointed to discuss details with the parties who are contemplating managing. Another meeting will be held at a future date. It looks as if Irma would soon be shipping butter instead of cream as in the past.

## Minister of Agriculture and Dairy Commissioner May Visit Irma.

At the creamery meeting last Wednesday, a motion was passed inviting the Minister of Agriculture and Dairy Commissioner to meet the farmers and citizens of the Irma district on Saturday afternoon April 15th. The new Creamery Act and other subjects of interest to the farmers will be discussed. Mr. J. R. Love M. L. A., will endeavour to have these speakers here at this date. Further announcement will be made in next week's Times.

## JUMPS TO DEATH FROM G. T. P. TRAIN TO ESCAPE JAIL.

Steve Winnuk met his death on Thursday of last week while jumping off of a moving train near Ardrossan, in an attempt to escape from Constable Russell of the Alberta Provincial Police detachment at Wainwright, who was bringing Steve Winnuk to Edmonton en route to jail on a thirty day sentence for vagrancy.

According to the reports from the local headquarters of the Alberta Provincial Police the deceased met his death by jumping off the train striking his head against a tie. By the time Constable Russell had jumped off the train and went back to find the prisoner he was already dead. Coroner Braithwaite has left for Ardrossan to investigate the case.

## IVOR OLSEN KILLED SELF AT EDGERTON

Ivor Olson, of Edgerton, committed suicide on Wednesday of last week, by shooting himself. Word to this effect was received at the "A" division headquarters of the Alberta Provincial Police on Thursday morning by long distance telephone from Corporal Duncan of the Wainwright detachment. The matter is now being investigated by members of the force, and further particulars should be available on Friday morning.

## G. W. V. A.

A meeting will be held in the G. W. V. A. room Tuesday evening (April 4) at 7.15 p. m. sharp, to organize a Band. All interested in music kindly attend.

Look out for later notice about the Grand Concert which is to be held in the Co-operative Hall, on April 19th.

## ROSS LOCALS

The Canadian Girls in Training are giving a Free Concert in Ross school on the evening of Tuesday, April 4th, program to begin at 8.30, after the conclusion of which, refreshments will be served. The principal feature of evening will be a short play of three acts entitled "Percival Perkins, Post; or The Bet," to be played by the Club Girls.

There will be No Dance in Connection. Everybody is welcome, and will Ladies kindly bring cakes.

Born, on March 18th to Mr. and Mrs. R. MacPherson, a son.

A very enjoyable evening was spent on March 17th at the home of Mrs. W. E. Walker by a gathering of friends and neighbors.

Mr. John Gulbraa has sold his farm and expects to move with his family to the States very soon. The neighbors will be sorry to have them leave, and we trust that success and happiness may attend them.

## HAWKINS

Mr. Martin Eger has resigned his position as Night Watchman on the Slide, east of the steel bridge and is seeing the "bright lights" for a few weeks before resuming duties with Mr. Sellers.

The Batchelors through the district were very busy house cleaning last week. Watch Results.

Miss A. Donaghy returned home Wednesday after spending a few months at Kerbert, Sask.

Swat that fly! Mr. Andrew Turnbull returned from Edmonton Tuesday with his outfit and grub stake. Andy has been putting in the winter hauling coal.

While breaking in a colt to the Saddle last week, Chas. Witherham had the misfortune to dislocate his shoulder. The M. O. prescribed "Tamarack."

## HOPES FOR GAS REVIVED.

The legislature in an amendment to the Public Utilities Act gave the Public Utilities Commission the right to set the rate for gas, as empowered in the resolution presented to the Attorney-General by the special delegation from the G.T.P. towns last week. Mr. J. R. Love, M.L.A., for Wainwright, made an excellent speech in behalf of the amendment which added weight to the passing of the amendment at this session. This revives the hopes for gas this year considerably.

## Quality Merchandise

With the approach of Spring don't your thoughts just naturally turn to nice new things? We have a lot of them here now that you are sure to be interested in.

### Mens Work Gloves

Extra Quality Horsehide  
Front, a strong well made,  
well sewn glove, in gauntlet  
and short cuff. See them at  
only per pair ..... \$1.00

### Shoes

For Work or for Play. Remember we have New Goods.  
  
Solid Leather Goods  
We stand behind them, and the price is reasonable.

### New Prints

A whole scad of the Newest, dandiest patterns in Potter's Perfect Prints and they are really the best patterns, and Potters too, mind you, at ..... 40c yd.

### New Curtains

A lot of New Things in Madras, Serims, etc., that you will be delighted with. Particularly with th price, it is so reasonable. They come in dainty Floral designs, pretty borders, as well as the plain colors, and priced from 30c a yard up.

### Groceries

Nice Fresh goods always. And the best all the time.  
1 quart Dysons Pickles, Sweet or Sour ..... 45c  
1 Sealed Can Pure Black Pepper ..... 50c  
1 doz. Best Jelly Powders All flavors ..... 60c  
1 doz. Best Jelly Powders All flavors ..... \$1.15  
Extra Quality Bulk Tea 50c  
2 1/2 lb. Blue Ribbon Tea \$1.20  
Strawberry, Raspberry, Pineapple Extract 10c  
Apex Apple and Fruit Jam ..... 65c  
Orchard City Apple and Fruit Jam ..... 75c

### New Canadian Prints

"True" Prints in a lot of New Designs, and good cloth: es too for the money, Priced 25c and 35c

With the approach of Spring, don't your thoughts just naturally turn to nice 'New Things? We have a lot of them here that you are sure to be interested in.

## The Road To Success

In a letter received recently from a Saskatchewan farmer, in which he outlined the rather disastrous results of his farming operations during the season of 1921, particular reference was made to the damaging effect of the wet weather which prevailed around threshing time, and which, he said, was the finishing touch and converted what promised to be a profitable year's work into an actual loss. But, he concluded, "the rains which caused me so much loss this year put the soil into great shape for next year."

It is not always easy to look for and find the silver lining to the dark clouds which overhang and threaten disaster, but it is nevertheless the sensible thing to do. Worry has ruined many a person and killed many others, but worry never yet helped anyone advance them along the path to happiness and prosperity. The farmer quoted above had the right idea. What had happened had happened. It was past and gone, and could not be helped. Let the dead past bury its dead! But all was not lost. That which had gained in immediate loss had nevertheless laid the foundation for future gain—if one had but the optimism and courage to hold on and take advantage of it.

This should be the spirit of the men and women of the West today on the threshold of another season of activity in the banner industry of the West. There have been hard times, but there is no reason why hard times should continue. Hard times, it should be remembered, is not the chronic condition of this country, but the exception. By the exercise of courage and industry the people of Western Canada can quickly bring about a rapid and complete transformation if they but emulate the farmer we have quoted and set to work in 1922 just as if the past year had been all that anyone could have desired it to be.

This year should see all our people in city and country, taking their courage in both hands and setting to work with determination and a will to succeed. There should be nothing timid in the way the opportunities which another season presents are grasped. A letter received from a second farmer contains the ringing declaration that he is going to need the largest acreage this year he ever put in because, he says, he needs the largest possible return he can get from this year's labor to offset last year's losses. That's the spirit which defies and in the long run makes failure impossible.

By this we do not mean that every farmer should seek to put the last possible acre into crop. Unless the land has been properly cultivated and prepared it would be inviting disaster to do so. But we do mean that the fact of last year's losses should not discourage anyone from going ahead as they would have done had the out turn of the 1921 season proven satisfactory. Every man in city, town and country who is in a position to do so should not only work himself but should courageously proceed to provide as much work as he possibly can for others. If everybody will only stop talking hard times and courageously set in motion the little wheel he himself controls, it will not be long before the revolving of the many little wheels here, there and everywhere will start the larger wheels of industry and commerce revolving all over the country. Starting slowly at first, they will increase their speed and the momentum thus gained will, in a space of time so brief as to prove positively startling, provide work in abundance for all.

Canada has plenty of assets, and Western Canada particularly so. The only thing lacking at the moment is confidence; an indomitable courage to go ahead. The Canadian dollar which has for so long been at a discount, has rapidly gained during the past few weeks and is now almost at par. The British sterling is steadily climbing upward. Sure signs of a return to better times. The world's needs are as great, or greater, than ever before. All Canada is once more because as a people we are not producing a sufficient amount in excess of them. The cure for the ills of today is not fault-finding, theorizing or worry. It is constructive hard work that will put the world right. It is not the men who are working hard who are complaining or threatening trouble, but the men who want to work and cannot obtain employment. Therefore, let every citizen go to work to create work in order that there may be employment for all.

Only so can good times, the desire and hope of all, be brought about and maintained. The worker is happy, the farmer never. Discontent prevails, not in the busy home and community, but in the slothful one. Therefore, Canadians, to work and see to it that work is provided for all.

## Law Declared Invalid

The North Dakota law regulating grain inspection and purchase has been declared invalid by the supreme court, which upheld the court of appeals for the eighth time for holding the law in conflict with federal statutes and an interference with interstate commerce.

## Report is Denied

Official and categorical denial that the French language papers had been instructed to publish nothing more about the case of Rev. Father DeRome, under arrest on a charge of murdering his half-brother. Raul was given by L. J. Tarte, publisher of La Patrie.

## Opening Dates of Mountain Resort Hotels

Rocky Mountain Resorts Range Amongst the Most Picturesque in the World.

The opening dates of resort hotels for the summer season, 1922, as announced by the Canadian Pacific Railway are as follows:

Banff Springs Hotel ..... May 15  
Chateau Lake Louise ..... June 12  
Emerald Lake Hotel ..... June 12  
Glacier House ..... June 15  
In addition, Wapta Lake Camp at Hector, B.C., and Windermere Camp at Invermere, B.C., will open June 15th.

These resorts in the Canadian Rockies are of such wide fame for ranking among the most picturesque in the world, and are visited each season by thousands of tourists from all parts.

A silk thread measuring between 60 and 70 yards in length may be unwound from a silk worm cocoon.

## ROSY CHEEKED HEALTHY WOMEN

Know the Full Value of Rich, Red Blood.

Robust, healthy, red-checked women, seldom worry. Their condition of mind and body is such that they are free from all the ailments that bring melancholy and brooding. It is the woman with weak, watery blood who is thrown into nervous unrest by the annoyances that grow so great in the imagination that it seems as if she must scream to relieve her feelings.

A woman who is only failing when her blood becomes thin and weak. The stomach is disordered and all appetite vanishes. The nerves lose their strength and so sleep is not regular and does not refresh the body. A state of weakness arises that increases gradually and gives further cause for worry. Good blood is necessary to every woman who has grown pale and weak, and in this condition Dr. Williams' Pink Pills will be found of great benefit, because they enrich and purify the blood. Women who are anemic, suffer from indigestion, palpitation, headaches and nervous ailments will find new strength through a fair use of these pills among the women who have proved the value of this medicine is Mrs. Enos Levy, Hackett's Cove, N.S., who says: "About two years ago I began to fail in health and was very weak. My constitution was all run down, and my blood, was thin and watery, and I manifested every month. I had heard of Dr. Williams' Pink Pills and what they would do for the blood, and being in such a low condition I decided to try them. By the time I had finished the fourth box I was my old self. I was a great deal stronger, and my blood a deep red color. I have a lot to say in regard to regulating my little one, and with my good health I enjoy it, and I can truthfully say I owe this condition to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills can be obtained through any medicine dealer, or may be had by mail, post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

An express train has been beaten by twelve minutes by an eagle which raced it over a distance of 18 miles.

## He Has No More Pains in the Back

NOW SINGS THE PRAISES OF DODD'S KIDNEY PILLS

Saskatchewan Man Who Has Found New Health and Gained Twenty Pounds in Weight Recommends Dodd's Kidney Pills. Wakarusa, Sask. (Special).—Simon Gawluk, a well-known and respected resident here is a sworn friend of Dodd's Kidney Pills. He has tried them and found them good.

"I am more than thankful that I was led to use Dodd's Kidney Pills Mr. Gawluk states: 'I had backache and after using Dodd's Kidney Pills I grew much stronger and I gained twenty pounds in weight.'"

"Now I am very thankful to say I have no more backache and I recommend Dodd's Kidney Pills to everyone."

That Mr. Gawluk's trouble came from the kidneys is evidenced by the relief he got from Dodd's Kidney Pills. They are purely and simply a kidney remedy. They heal and strengthen the kidneys and put them in shape to strain all the impurities out of the blood. Sound kidneys mean pure blood. Pure blood means good health.

Ask your neighbors if Dodd's Kidney Pills do not make sound kidneys.

Eastern States Getting B.C. Fish. In a single day fifteen carloads of fish passed through Winnipeg from Prince Rupert, B.C., bound for New York and other eastern United States points.

## Cuticura Complexions Are Usually Healthy

The daily use of the Soap prevents clogging and irritation of the pores, the usual cause of pimples and blackheads, while the Ointment soothes and heals. Cuticura Talcum is delicate, delightful, distinguishes. Soap. Use Ointment 25 and 50c. Talcum 25c. Sold throughout the Dominion. Canadian Agents: The Cuticura Soap Co., Ltd., Montreal, Quebec. Cuticura Soap shaves without razor.

## Alberta Good Roads

Good Roads Board Will Have Supervision Over Work

Under the terms of a Highway Bill that is to be introduced into the Alberta Legislature at the present session, a good roads board will be formed consisting of a highways commissioner, the deputy minister of public works and three other members to be appointed by the government. It will be the duty of this board to see that road building is standardized according to the best modern methods and that the construction is properly supervised. The roads are to be classed as main highways, market roads, local roads and colonization roads.

## Catarrh Conditions

Catarrh is a local disease greatly influenced by constitutional conditions. It is therefore treated by constitutional treatment. HALL'S CATARRH MEDICINE gives the patient strength by improving the general health and assists him to do his duty. All Druggists. Circulars free. E. J. Clancy & Co., Toronto, Ont.

## Western Provinces Show Increase in Sheep

Pure-Bred Animals Were Sold to Farmers Last Year

To encourage farmers in Saskatchewan to raise more sheep, upwards of 1,000 grade ewes and over one hundred pure-bred rams were sold to farmers in the province last year by the Provincial Department of Agriculture. During 1921 the three western provinces showed an increase in the number of sheep as well as Nova Scotia, and Prince Edward Island, while the four central provinces reported decreases.

If one be troubled with corns, he will find in Holloway's Corn Remover an application that will entirely relieve suffering.

## Assurance Company Celebrates Jubilee

Business in Force of Sun Life Now Over Five Hundred Millions

The figures which have been submitted to the public by the Sun Life Assurance Company of Canada bear eloquent testimony to the fact that the Canadian public have adhered closely to their traditions of thrift, through a period of trade depression and widespread readjustment.

The volume of assurance borne upon the books of the Company has reached the enormous figure of over \$350,000,000.00. The total income from premiums, interest and other sources is far in excess of anything hitherto named. At the present moment it is considerably more than \$100,000 a day for every working day of the year. No less a sum than \$11,967,069.00 was paid to policyholders or their beneficiaries during the year, which brings the amount paid out since the Company's foundation in 1865, up to \$114,550,000.00.

A striking expansion of the Company's assets is another significant fact. A surplus is disclosed of \$10,329,500.00 over all liabilities and capital stock. This surplus, both in fact and proportionately, marks the year that has just closed as being phenomenal, even in the history of a concern which has been busily engaged in breaking records for over half a century.

Only one-third of the world's population is white.

## Life of Sir Wilfrid Laurier

Authorized Biography of a Great Statesman and Fascinating Personality

In "Life and Letters of Sir Wilfrid Laurier," by Oscar Douglas Skelton (S. B. Gundy, Toronto), there has been added a most valuable contribution to the literature of Canada. To many people historical and biographical works have a strong appeal and there is a peculiar fascination in the life story of this remarkable Canadian. Sir Wilfrid Laurier was perhaps the greatest statesman that Canada has produced, and in any event one of the most alluring personalities. The book tells us that he was born at St. Lin, a little village north of Montreal, on Nov. 20, 1817. It follows in detail the story of his early life, his student days and ambitions. After studying law and entering the legal profession it was a short and natural step to the commencement of the fulfilment of his political aspirations. Very interesting is the story of his earlier political struggles, and even in those days he showed promise of becoming prominent in the public life of Canada. One wonders that a man of such calm and comely features of the long political life of the "Liberal Chieftain" could be crowded into two volumes. Most of the important letters and papers covering the period from the time he entered on his political life until his close are embodied in this work. Not the least interesting are the number of illustrations, including a number of little known photographs, which have never before been published. Mr. Skelton has produced a book which will provide Canadians with a better understanding of one who was a faithful servant of his country and an outstanding figure in the political history of the British Dominion.

## Furs From Far North

Trappers in Northern Alberta Have Successful Season

Trappers arriving from Ft. McMurray say that furs are very plentiful in the north, and in addition to the usual run of pelts many choice silver and cross crosses are being received at Edmonton. Similar reports come from the north as far as Chipewyan and Ft. Resolution, and new week a string of dog teams will arrive in McMurray from Chipewyan laden with furs.

One of the most effective vermin-fuges on the market is Miller's Worm Powders. They will not only clear the stomach and bowels of worms, but will prove a very serviceable medicine for children in regulating the infantile system and maintaining it in a healthy condition. There is nothing in their composition that will injure the most delicate stomach when directions are followed, and they can be given to children in the form of a candy.

Traces of many diseases still prevalent have been found in mummies 3,000 years old.

Minard's Liniment for the Grippe and Flu.

Veterans Enjoy Buffalo Steaks

Buffalo steaks were enjoyed, after a long absence of this dainty, by Alberta veterans of the old Royal North-West Mounted Police at their annual reunion in Calgary on February 9. The buffalo was supplied by the Federal Government from the park at Wainwright, Alberta.

35-cents buys a bottle of "Danderine" at any drug store. After one application you cannot find a particle of dandruff or a falling hair. Besides, every hair shows new life, vigor, brightness, more color and abundance.

Only one-third of the world's population is white.

## Farmers' Timber Supply In Northern Parts Of The Prairie Provinces

The various phases of work which have their sources in Canada's forests, combine to make the lumber industry one of the most important of the Dominion, and the total commercial cut together with the various allied industries utilizing timber in manufacture, run the aggregate value each year to a handsome revenue. This, nevertheless, does not comprise by any means the entire value of Canada's timber to the country, and there is a large domestic consumption of which no record or statistics are available. Timber plays no small part in relation to the Dominion's first industry of agriculture, and the presence and availability of timber in agricultural sections means a great deal to the farmers in those areas, and makes for a general economy.

What are generally designated as the Prairie Provinces of Western Canada, which have, of recent years, become one of the first agriculturally producing regions of the world, are popularly supposed to be bare of any tree growth from their very name. Those who know the region, however, are aware to what an extent the name is a misnomer. While the southern portion of the plain which the three provinces takes in appears to be a bald, denuded stretch, clumps of brush and trees are always to be found in the vicinity of watercourses, which are numerous, and in the region of the foothills. These clumps render a certain amount of timber available as well as providing shade and shelter to stock.

When one travels north, however, the prairie is left behind and one reaches what is a fairly, clearly defined division between the bald plain and the timber country. This growth is not in the nature of forest, but of the scattered and somewhat orderly distribution, with the appearance of having been especially laid out, has given to the country the description of parkland. The timber is becoming so dense or heavy, as to impede or curtail ordinary farming operations, yet gives the farmer all the advantages which a tree growth possesses for a farming community. For his stock it is summer shade and winter shelter; for the farmer, fuel, fencing and material for building.

Where farmers have settled on the clearer sections of the parklands, or are indisposed to cut down their own trees, timber for their many needs can be cut on adjacent unfilled lands or on the Government forest reserves which have been held back from settlement and are to be found in many parts of the Western Provinces. Though these reserves have been made for the preservation of the timber, cutting is permitted to the nature (timber to enable lesser sizes to attain full growth, and for other reasons. There are more than 32,500 square miles of forest reserves in the Prairie Provinces which have at all times a large supply of surplus timber available for the many uses of the farming settlements about them.

In the North Battleford district of Saskatchewan, for instance, there is a forest reserve which is one of the most valuable assets of the rich farming country of the Battleford region. Farmers, who have a greater and wider need for timber than others, draw their supplies of fuel,

fencing and building material from this source. Small private tracts have been erected for the purpose of manufacturing lumber and the farmer secures the necessary material for his house and buildings very economically, from timber he has cut himself.

Nature in creating Western Canada has provided for many of the needs of the settlers to come, and in the timber, with which she dotted the country, is one of the farmer's most valuable assets.

### Blood Money

Reward Given in Middle Ages for Causing Death

"Blood Money" was the name applied in the Middle Ages and well into the more modern period to the money paid for bloodshed. It might be either the compensation paid by a murderer to the nearest relatives of the victim, to secure himself and his kin from vengeance, or the money paid as a reward for bringing about the death of another, directly or through evidence. It was once common among the Scandinavians and Teutonic peoples, who called this money payment wergild. The price varied with the nature of the crime and the rank of the victim. Certain crimes, such as the slaying of a sleeping person, could not be compensated by a money payment; such criminals were declared outlaws and could be slain with impunity. The term is now often applied to the reward or bribe paid for giving up a criminal to justice.

### COULDN'T DO HOUSEWORK, HEART WAS SO BAD

Many women get weak and run down, and unable to look after their household duties owing to the heart action becoming impaired or the nervous system unstrung.

Nature intended women to be strong, healthy and happy instead of sick and wretched. But how can a woman be strong and healthy when day in and day out she has to go through the same routine of work, sweeping, dusting, cooking, washing, etc. It is any wonder that the heart becomes weak and the nerves irritable and nervous, has hot flashes, faint and dizzy spells, smothering and sinking down the same routine of work.

To all women whose heart is weak and whose nerves are unstrung we would recommend:

**MILBURN'S  
HEART AND NERVE PILLS**  
as the best remedy to tone up the system and strengthen the weakened organs.

Mr. Daniel Beranson, Loganville, N.S., writes:—"As I was troubled with a weak heart for nearly two years I am writing to tell you what your great remedy, Milburn's Heart and Nerve Pills, has done for me.

My heart was so bad at night I could not sleep, I would take something else, and was so weak I could not do my housework. I tried two doctors, but got no results. A friend advised me to try your pills. I used six boxes and am completely relieved. I think they are the best remedy for heart trouble there is."

Price, 50c a box at all dealers, or mailed direct on receipt of price to The T. Milburn Co., Limited, Toronto, Ont.

### Feeding of Chickens

Some Profitable Methods Proved by Actual Experiment

Some interesting experiments in the feeding and housing, hatching and brooding of chickens are recorded in Experimental Farms Circular No. 20 by the Superintendent of the Station on Vancouver Island, B.C. In the spring of 1916 a thousand day-old White Wyandotte chicks were purchased for this station, and all the experiments since have been conducted with this breed. Various types of houses and brooders were experimented with and some interesting deductions are the result. Character of rations and methods of feeding chicks are also given. The circular contains the following recommendations:

Do not chill or overheat the chicks. If they pant, they are too hot; if they huddle together they are not warm enough.

Be careful not to overfeed the first week.

Do not allow chicks to crowd in brooders or colony houses.

Place chicks on the range in colony houses after the eighth week.

Do not let the cockerels and pullets run together.

Change the water daily and be sure that it is clean.

Give plenty of green feed.

Feed sour milk wherever possible.

Do not omit to supply charcoal, grit and shell.

Make changes of food and feeding gradually.

Keep clean and disinfected brooder frequently.

See that the feed or straw is not damp or mouldy.

For Return of Natural Resources

Premier King Offers Plan for Early Settlement

In a letter written to the premiers of Manitoba, Saskatchewan and Alberta, Hon. W. L. Mackenzie King, prime minister, outlines the proposal of the Government for returning the natural resources to the prairie provinces. Premier King's proposal, in a nutshell, is that the prairie provinces relinquish the subsidies which they have received in lieu of their lands and receive the resources.

The shortest and simplest way of settlement, the one admitting of quick results, would be to ignore the transactions of the past and make a fresh start," the Premier says.

The Prime Minister states in his letter that the question of returning natural resources has been complicated in the past by objections raised on the part of the other provinces, who have claimed that if the requests of the prairie provinces were granted, new conditions would arise which would entitle them (the other provinces) to compensation. Speaking on behalf of the Government, he expresses the opinion that any claims on the part of the eastern provinces will probably be removed if it is understood that on receiving their natural resources, the prairie provinces will surrender the subsidies.

The Premier makes it clear that any arrangement arrived at is subject to the approval of Parliament.

### Universal Truths

Nations Can Only Pay Debts by Increased Production

Australia, still on the threshold of nationhood, has incurred a huge war debt, in addition to outstanding loans. When the people of Australia borrow millions these are not received as sovereigns and bank notes. They are obtained as goods for consumption, or represent credits for goods. And these millions of loan monies must be repaid in goods, whether such be raw materials or manufactures. The immediate need is for increased production, for it is clear that the sooner the means to pay are provided the sooner will outstanding liabilities be discharged. The only way by which production can be increased is by working to increase it.—Australia.

### Letter Writing is Lost Art

Rush of Modern Life Leave No Time For It

It is often said that good letters, such as our father and grandfathers used to write and receive, are no longer written. The pressure of modern life is such, so it is argued, and the rush so great, that there is no time for the pursuit of letter writing as an art. One cannot read the letters, say of Horace Walpole, without being conscious that something of beauty and value has disappeared from our life. Something must be done if an old and gracious art is not to be permanently lost, lost with the belief that education and refinement really have some value and charm.—Indianapolis News.

### RHEUMATISM?

Health is the Most Valuable Asset You Have. You cannot Afford to Neglect It.

Crofton, B. C.—"I was troubled for years with inflammatory rheumatism and rheumatic fever. I tried several cures for rheumatism, but did not receive any benefit from any of them. I had been in the hospital for months, being unable to walk. A friend advised me to try Dr. Pierce's Anuric Tablets. After taking the first bottle I began to improve, and after taking six bottles I had no more rheumatism. I think Dr. Pierce's Anuric is the most wonderful medicine that any one can take for rheumatism. I have recommended these tablets to several of my friends and they, too, have all been benefited by them."—Merville Collinson.

People are realizing that the kidneys, just as the lungs, need to be flushed occasionally. The kidneys are an eliminative organ and are constantly working, separating the poisons from the blood. Uric acid backs up into the system, causing rheumatism, neuralgia, dropsy, and many other serious disturbances.

This can be avoided by stimulating the kidneys to increased action, and because of its tonic effect on these organs any one would do well to get Dr. Pierce's Anuric Tablets which are to be had nowadays at almost any drug store or send free to Dr. Pierce's Laboratory in Bridgeport, Ont., for trial package and write for free, confidential medical advice.

### Italians Prosper in the Argentine

Have Control of Some of Most Important Industries

A local newspaper has just published a list of immigrants or descendants of immigrants from Italy numbering 111 whose combined fortunes gained in Argentina are estimated to exceed 1,000,000,000 pesos, or \$121,500,000 in Canadian money. The list was published in connection with the forthcoming inauguration of a 5,000,000 peso clubhouse which the Italian colony of Buenos Aires has erected.

Italians in Argentina are prominent in all branches of activity but to a large extent in industrial enterprises, some of the most important of which are controlled by them.

### When Does

### Bronchial Trouble

### Begin To Get Serious?

First it was a little throat tickle, then a cough which grows severe. This neglected cough travels down the lungs and its mighty hand to treat to treat throat trouble right up to Catarrhocele. It heals the sore spots, allays irritation, eases the cough, makes breathing regular, clears out the phlegm and frees the nostrils from crusts and accumulations. You can prevent colds, and keep free from Catarrh and bronchial trouble by frequently using Catarrhocele. Sold everywhere, two months treatment \$1.00, medium size \$0.50, small size \$0.25.

### How Our Soldiers

### Escaped Typhoid

Used Invention of Professor Woodhead to Chlorinate Drinking Water

Sir German Sims Woodhead, Professor of Pathology at Cambridge University since 1899, died suddenly aged 66 at Althorpe Hall, near Lincoln, Eng., where he had been staying over the holidays. He had been falling in health for the past year or so, but had carried on his work as usual.

Sir German was best known as the inventor of the process of chlorinating drinking water for the British troops during the war. This invention killed any germs that were in the water and so prevented the spread of typhoid and other enteric diseases.

He was a member of the Royal Commission on Tuberculosis in 1902 and of the executive committee of the Imperial Cancer Research Fund. He acted as inspector of laboratories in military hospitals in the United Kingdom and was formerly adviser in pathology to the War Office.

He was twice mentioned in despatches for his special war services, and was knighted in 1919. He was also a pillar of the cause of teetotalism.

### Didn't Know at First

Gentleman (on a walking tour in Scotland): "Boy, how long will it take me to walk to Milngavie?"

Boy: "An' dinna ken."

Gentleman: "Do you live in these parts?"

Boy: "Ay."

Gentleman: "How old are you?"

Boy: "Eleven."

Gentleman: "And you can't tell me how long it will take to walk to Milngavie? Crass ignorance, I call it!" (Starts on his way.)

Boy (shouting): "Twill take ye about three hours."

Gentleman (angrily): "Why didn't you say so at first?"

Boy: "Hoo could ah till I saw ye walk!"

Saskatchewan, Wheat for Shanghai One hundred and fifty thousand bushels of wheat grown in the Saskatchewan district were sent to Shanghai and Yokohama during the month of January direct from Saskatchewan elevators. This is the first wheat consignment for Asiatic points shipped direct from here.

## Colonization Plans Now Occupying The Attention Of The Federal Government

### Favors Waterway Project

U.S. President Says There is Far-Seeing Vision in the Proposal

The administration plan for government aid for the United States Merchant Marine presented to the U.S. Congress by President Harding provides a subsidy of about \$22,000,000 annually to be paid to United States shipowners by the diversion of 10 per cent. of the nation's customs receipts to that purpose.

President Harding came out strongly in favor of the St. Lawrence waterways project in the course of his message to Congress on the ship subsidy bill. Alluding to the awakened interest in water transportation, Mr. Harding said:

"We have a new manifestation of this broadened vision in the enthusiasm of the great middle west for the proposed Great Lakes-St. Lawrence waterway, by which it is intended to connect the Great Lakes ports with the marts of the world. 'There is far-seeing vision in the proposal and this great and commendable enterprise, is inseparable from a great merchant marine.'"

### Did English Descend

### From Lost Tribes

British Coat of Arms Resembles Ancient Standard of Israel

In a lecture in London, Eng., recently on "The Miracle of the British Coat of Arms," at Westminster, the Rev. Pascoe Good, of Vancouver, sought to prove that the British coat of arms is a miraculous relic of the standard of ancient Israel, and so to substantiate the claim that the English and American races are the descendants of the lost tribes of Israel.

He quoted passages from the Old Testament containing frequent references to the shield, the lion, the unicorn and the "young lion" as the symbol of Israel, the chosen race of the Covenant. There were also frequent references to the people that "shall dwell alone."

The only other national standard that bears any resemblance to this standard of the Covenant, the speaker added, was that of the Japanese, which bears the lion and the unicorn. The White Japanese, from the Samurais downwards, had many secret customs corresponding to Jewish rites.

Urging that the Dominion Government evolve a national immigration policy based on the needs of the country and the adaptability of the immigrants, and insisting on a predominance of British citizen amongst those admitted to the country, a deputation from the National Council of Women waited upon Hon. Charles Stewart, minister of the interior, and were promised that the resolution would be laid before the special cabinet sub-committee.

That there are many large colonization plans on foot which will likely be brought to the notice of the Government for support during the next few weeks, is the understanding of officials of the Department of Immigration. Among these is the plan of Col. J. S. Dennis, of the Canadian Pacific Railway, who proposes to bring to Canada several hundreds of the demobilized Irish Constabulary with their families and settle them on dry and irrigated lands in Western Canada. Col. Dennis has returned to Canada and it is expected that Government approval of his plan will be sought in the near future.

Other interests are also stated to be taking an active part in colonization work.

So far as can be learned, efforts during the ensuing year are likely to be limited to attempts to bring out agricultural workers from the British Isles, with their families, for settlement on Canadian farms.

The emerald improves in color by exposure to the light.

## ACHES AND PAINS-- SLOAN'S GETS 'EM!

**A**VOID the misery of racking pain. Have a bottle of Sloan's Liniment handy and apply when you first feel the ache or pain. It quickly eases the pain and sends a feeling of warmth through the aching part. Sloan's Liniment penetrates without rubbing.

Fine, too, for rheumatism, neuralgia, sciatica, sprains and strains, stiff joints, lame back and sore muscles.

For forty years pain's enemy. Ask your neighbor.

At all drug stores—35c, 70c, \$1.40.

## SASKATCHEWAN WOMAN RECOVERS

Found Health by Taking  
Lydia E. Pinkham's Vegetable Compound

Melara, Saskatchewan.—"I saw Lydia E. Pinkham's Vegetable Compound advertised for women's troubles and when a friend recommended it to me I tried it and it has done me so much good in the two years in which I have been taking it that I find I am a different woman since then. I recommend your Vegetable Compound as much as I can and you may use my letter as a testimonial."

—Mrs. Wm. J. Thomas, Melara, Saskatchewan.

These letters recommending Lydia E. Pinkham's Vegetable Compound ought to convince women of the great worth of this medicine in the treatment of ailments to which they are often subject.

Mrs. Thomas writes that she is a different woman now. If you are suffering from troubles women often have, or feel run down, without any ambition or energy for your regular work, take Lydia E. Pinkham's Vegetable Compound. It is a natural restorative and should help you as it has Mrs. Thomas and many, many other women.

This medicine has been helping sick women nearly fifty years—surely a long record of service.

## WE SAW WOOD

—and say nothing when someone claims that all lumber is alike. We know different and we know he doesn't know any better. But ask any experienced builder about our lumber and other kinds. Let his experience be your teacher, which means you will buy your next lumber here.

Oil Drillers, get our prices on derrick timbers and building supplies.

## Farmers Mutual Lbr Co

P. J. HARDY  
ManagerIRMA,  
Alberta

## Investigation

shows that rentals consume between 15 and 20 per cent of the average wage earner's income. This is very important as history shows that social disorders increase when people are not properly housed.

## The low cost of building

ultimately prove the real solution of this situation. Prices for lumber have now reached such a low point that there is no reason why anyone should longer put off building.

## Call and see us for prices.

Our yard is headquarters for everything in building material. Our experience is at your service and the class of material we carry is superior in every respect. OUR PRICES ARE RIGHT.

## "BETTER Lumber for Home Building"

THE IMPERIAL LUMBER Co., LTD.

T. H. FLEMING, Manager.

# SOME CANADIAN AUTHORS OF TO-DAY

If any evidence were required of the growing interest in Canadian literature, one need only point to the remarkable progress of the Canadian Authors' Association, which already numbers over seven hundred members, although it was organized only eight months ago. Canada ranks exceptionally high in the world of poetry, with names such as Bliss Carman to her credit. In the world of fiction Arthur Stringer, Ralph Connor, M. Montgomery, Hazel King, Bertrand Sinclair, Isabel Eccle, M. Mackay, Madge Macbeth, and Frank L. Packard, are only a few of a host of popular novelists. Life on the prairies has been admirably depicted by Janny Canoe, Louise Emily Murray, Nellie McClung, Robert Stead, and Sergeant Ralph Kennell with his stories of the North-West Mounted Police. The chief object of the Canadian Authors' Association is to create a wider interest among Canadians themselves in their own literature.

It has an official organ called the "Canadian Bookman." It has helped to organize Canadian Authors' Week for the third week in November, in which libraries and bookstores will make special displays of Canadian books, and it has conducted a vigorous campaign for the improvement of Copyright conditions in Canada.

## Officers of the "Empress of Scotland"

Commander G. C. Evans, O.B.E., of the "Empress of Scotland" and his Officers, Photographed in New York Harbor, February 1, 1922.

Seated (left to right): Cadets K. Hutchings, De Hauteville-Bell and J. B. Hewson, R.N.R. Standing (left to right): Chief Officer Robert McMurray, R.N.R., Third Officer Thomas Jones, Commander G. C. Evans, O.B.E., First Officer H. A. Moore, R.N.R., Staff Captain E. Aikman, R.D., R.N.R., Fourth Officer T. R. Lucan, Fifth Officer J. P. Dobson, R.N.R., and Second Officer T. L. Blair.

The Canadian Pacific Steamship "Empress of Scotland," 25,000 tons register, which sailed from New York for a 63 days' tour of the Mediterranean, Europe, Egypt and Palestine under charter to Frank C. Clark is being operated by two war veterans, Commander G. C. Evans, O.B.E., and Staff Captain E. Aikman, R.N.R. Commander Evans was decorated by King George for his services in the transport, and convoy of troops through the submarine zone during the war and his O.B.E. means that he is an officer of the Order of the British Empire. Staff Captain Aikman was navigator of S.S. "Motagua" during the war when the United States Navy Destroyer "Manley" got too near the "Motagua" while delivering dispatches and a tons of depth bombs loaded with T.N.T. exploded on the "Manley's" stern and deck killing 60 men on the two ships. The "Manley's" stern got under Aikman's ship as she sank with the swell and the depth bombs were set off, causing one of the sea tragedies of war not reported in the newspapers.

## A POPULAR OFFICER

The Canadian Pacific Steamships, Ltd., S. S. "Montcalm," which has just completed her maiden trip across the Atlantic is under the command of Capt. G. S. Webster, R.N.R., R.D. He was born on September 3rd, 1867, and joined Messrs. Elder Dempster & Co. on Mar. 21st, 1892. Capt. Webster is one of the most popular skipper on the Atlantic; his first Canadian Pacific command was the "Lake Michigan" in April, 1903, when Elder Dempster's Steamers were taken over by the C. P. R. Since 1903 Capt. Webster has commanded such well-known C. P. R. liners as the "Montrose," "Lake Champlain," "Lake Manitoba," and "Empress of Britain," and during the War the "Metagama" and "Teita" made many voyages across the Atlantic under his charge.

MISS NELLIE COLLINS

"I have been thankful a thousand times that I took Tanlac when I did. It is simply wonderful the way it has benefited me," said Miss Nellie Collins, 1239 Connecticut Ave., Bridgeport, Conn.

"About eighteen months ago my appetite began to fail and I seemed to be going into a decline. Nothing agreed with me and my nerves were keyed up to such a high pitch I was actually afraid they would snap in two.

"But Tanlac has brought about a wonderful change in my condition. My appetite is almost ravenous, my digestion is perfect and I feel as well and strong as I ever did in my life. I never dreamed there was as grand a medicine as Tanlac in the world. Tanlac is sold by all good druggists.

#### Rhubarb in Winter

Winnipeg Gardener Growing Pie Plant On a Large Scale

Fresh rhubarb in winter time is the treat that Winnipeg citizens are enjoying as the result of experiments conducted by a Mr. Hedley, a market gardener. The rhubarb was planted in underground pits and Mr. Hedley reports that the crop this year has been very successful and that he intends to sell his product not only in Winnipeg but to Regina and Saskatoon.

Dread of Asthma makes countless thousands miserable. Night after night the attacks return and even when brief respite is given the mind is still in torment from continual anticipation. Dr. J. D. Kellogg's Asthma Remedy changes all this. Relief comes, and at once, while future attacks are ward off, leaving the afflicted one in a state of peace and happiness he once believed he could never enjoy. Inexpensive and could almost everywhere.

West Sends Wheat to Armenia  
Fifteen thousand sacks of flour, the gift of Western Canadian farmers to the Armenians through the Relief Association, left this point for New Orleans for shipment to Constantinople. Appeals for aid for Armenia found a ready response among Manitoba and Saskatchewan farmers, donations being from two to five bushels per load.

#### WORLD HAPPENINGS BRIEFLY TOLD

Alberta may get a colony composed of eleven thousand former members of the Royal Irish Constabulary.

A \$5,000 watch for a scientist has just been completed by S. Smith and Sons, of Trafalgar Square, London. It is said to be the most complex watch in the world.

About sixty waiters went on strike at the King Edward Hotel, Toronto, because the management refused to accede to the men's request that the hotel discharge the waitresses.

Burglars broke into a house at Shortlands, Eng., and took an overcoat and other belongings. Contents of a sewing basket on the table showed the intruders had stopped to repair the coat before leaving.

A market for four thousand sheep taken to Ontario from Alberta by B. C. Harvey, and fed on elevator screenings during the winter, has been sold in New York and Boston. Mr. Harvey says the experiment will be repeated next year.

Seventeen entries have been received for the James Gordon Bennett Balloon Cup race, which will start at Geneva on Sept. 3. Three balloons have entered each from France, Switzerland, Belgium, Italy and England, and two from Spain.

The Red Scyllie of the Turkish Nationalists is again cutting a swath of death. One thousand Christian women and children are reported to have been ruthlessly massacred in the region of Samsa by the Moslem forces.

The police recovered about 6 cwt. of explosives, including gelignite and dynamite from the back courts and ash bins in the east end of Glasgow. There is sufficient, it is estimated, to blow up half of Glasgow. The theory is that the explosives were removed from Sinn Féin arsenals, the holders fearing a raid by the authorities.

#### Colic, Cramps, Stomach Pains Need a Quick Relief

Security against these sudden ills consists in always keeping handy a bottle of two of Nerviline. No family should ever go to bed without a bottle of Nerviline in the house. It fulfills so perfectly every service as a pain remedy that once used, you'll never again be without it. Money can't buy greater assurance against the many small ills that constantly arise in every family than you get in a 36c bottle of Nerviline. Sold everywhere.

A Magnified Baby  
Fond Mamma—Here's a photograph of my little boy when he was a baby, and I want you to make one of him as he is now.

Photographer—But haven't you brought him with you?  
Fond Mamma—No. I thought you could make an enlargement from this.—Boston Transcript.

Use Minard's Liniment for the Flu.

Willie's Joke  
"Pa, I know why our dog turns round and round before he lies down."  
"Why, my son?"  
"So he will sleep like a top."—Boston Transcript.

Russia sends more pilgrims to Jerusalem than any other country.

## ZAM-BUK

Nothing else known to science performs the same marvellous healing and dispels disease from the tissues as Zam-Buk does. This pure herbal balm takes the fire out of a wound or sore, kills and repels germs and grows fine new skin.

Zam-Buk is acknowledged

### THE WORLD'S GREATEST HEALER

May Erect Coal Bunkers

Negotiations for the erection of large coal bunkers for the storage of coal at tide water are being carried on by Alberta colliery owners at the cities of Vancouver and Prince Rupert. The coal will be used for bunkering and other purposes.

#### KEEP LITTLE ONES WELL IN WINTER

Winter is a dangerous season for the little ones. The days are so changeable—one day bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or gripe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cts. a box from The Dr. Williams' Medicine Co., Brockville, Ont.

#### Factories in Edmonton

City Has Over One Hundred Manufacturing Establishments

Edmonton is not generally recognized as a factory city, yet judging by statistics recently published by the Board of Trade it may lay some claim to the status. More than one hundred bona fide manufacturing establishments are to be found in the city, all producing goods of a wide variety. The Board made the census with an eye on the forthcoming made-in-Edmonton exposition to be held in the spring.

#### Thinks Swearing All Right

Yes, providing the provocation equals the offence of Jones stepping on Smith's sore corn. Far better to use "Putnam's" Painless Corn Extract. It does it out corns in a hurry. No corn can last if "Putnam's" is applied. Refuse a substitute, 25c everywhere.

#### Weed and Stubble Burner

Canadian and United States patents have been granted to a resident of Saskatchewan, H. S. Servoss, a farmer of Bricecroft, on a weed and stubble burner. It is claimed a machine of this kind can be built that will burn up the weeds, and clear up the land at a nominal cost.

Toys were packed in cheap coffins exported by Germany before the war, to save space.

#### A Palm Beach Frock of Red and White Crepe

By Marie Belmont

Palm Beach continues to stress the vague for red and white which it inaugurated a year ago. Smart society would not consider its southern wardrobe complete without a number of frocks in this smart color combination.

Red rings printed on white crepe make this gay little model of youthful line. Eternity completes its fineness. The becoming surplice bodice is finished by a smart rasette and streamers of black grain.

The bone bracelets are of red and black and serve charmingly to carry out the costume detail. The fad of collecting colored bone bracelets and wearing one or two to match each costume is being strongly noted.

Muscular Rheumatism Subdued—When one is a sufferer from muscular rheumatism he cannot do better than to have the region rubbed with Dr. Thomas' Electric Oil. Let the rubbing be brisk and continue until ease is secured. There is more virtue in a bottle of it than can be fully estimated.

#### Big Output of Trail Smelter

More Than Four Hundred Thousand Tons of Ore Handled in 1921

During the year 1921 the Trail Smelter handled more than four hundred thousand tons of ore, the greatest aggregate in its history. All of this, with the exception of about ten thousand tons, was from the properties of the Consolidated Mining and Smelting Company. Gold accounted in the total for 50,000 ounces; silver for 1,172,000 ounces; copper for 57,000,000 ounces; lead for 53,000,000 pounds and zinc for 53,000,000 pounds.

#### Dye Dress, Skirt Or Faded Curtains In Diamond Dyes

Each package of "Diamond Dyes" contains directions so simple any woman can dye or tint her worn, shabby dresses, skirts, waists, coats, stockings, sweaters, coverings, draperies, hangings, everything, even if she has never dyed before. Buy "Diamond Dyes" of any other kind—not to spot, fade, streak, or ruin. Tell your dealer whether the material you wish to dye is wool or silk, or whether it is linen, cotton or mixed goods.

#### A Useful By-product

Tons of Bobbed Hair Are Made Into Mattresses

The momentum of the bobbed hair fad has reached a record pace in Chicago.

Careful investigation reveals that scissors of local hairdressers are exacting a daily toll from 2,500 women, ranging in age from flappers to stately, white-haired matrons.

If the present rate is maintained, all the women in Chicago will be bobbed by October 22 next, a hairdresser said. This authority figures that 261,624 hours daily will be saved if all the women here bob their hair.

The average amount of hair shorn in a bobbing is about three ounces. Although this hair is unsuitable for use as switches and transformations, it is excellent for mattresses, and it is estimated that more than 3,000 class A full width mattresses can be made as a by-product of the bobbing industry in Chicago.

"What sort of a woman is Mrs. Guff?" asked Mrs. Muff.

"Well," replied Mrs. Duff. "She's one of those women who could wear a \$10,000 necklace and make it look like it came from the 70-cent store."

It pays to patronize home industry. Buy from the merchants in your own town.

Minard's Liniment for Coughs and Colds.

## ROYAL YEAST CAKES

MAKE PERFECT BREAD

AN IMPORTANT PRODUCT OF CANADA

Bread is the finest food on earth—the one food that everybody eats and that everybody likes, and that agrees with everybody.

Bread made in the home with Royal Yeast Cakes tastes better, keeps fresh longer, and is more nourishing than any other.

**Uphold Pension Rights**  
Speaking at a reception in Downing Street, Rt. Hon. Ian Macpherson, minister of pensions, declared there would not be a single reduction of the legitimate rights of pensioners with whom the Government intended to keep faith at all costs.

**A Prime Dressing for Wounds**—In some factories and workshops carbolic acid is kept for use in cauterizing wounds and cuts sustained by the workmen. Far better to keep on hand a bottle of Dr. Thomas' Electric Oil. It is just as quick in action and does not scar the skin or burn the flesh.

**Canadian Goat Society**  
The Canadian Goat Society had a total membership of 32 for the year 1921. Pedigrees recorded to December 31st, 1921, numbered, Angoras 49, Toggenburgs 282, Nubians 151, Saanans 110, or a total for the three milking breeds of 543. New registrations received in 1921 amounted to 159 divided as follows: British Columbia 122, Ontario 11, New Brunswick 10, Alberta 3, Saskatchewan 2, Manitoba 1, and the United States 9.

## CASCARETS 10¢

For Constipated Bowels, Sick Headache, Sour Stomach, Bilious Liver

The nicest cathartic-laxative in the world to physic your liver and bowels, when you have Dizziness, Colds, Biliousness, Indigestion, or Upset, Acid Stomach is candy-like "Cascarets." One or two tonight will empty your bowels completely by morning, and you will feel splendid. They work while you sleep. "Cascarets" never stir you up or grip like Salts, Pills, Calomel or Oil and they cost only ten cents a box. Children love Cascarets too.

### DIRECT FROM TRAPPER TO MANUFACTURER

## Genuine Aspirin

**WARNING!** Say "Bayer" when you buy Aspirin. Unless you see the name "Bayer" on tablets, you are not getting Aspirin at all. Why take chances? Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

Colds  
Toothache  
Earache

Headache  
Neuralgia  
Lumbago

Rheumatism  
Neuritis  
Pain, Pain

Handy "Bayer" boxes of 12 tablets—Also bottles of 24 and 100—Druggists. Aspirin is the trade mark registered in Canada of Bayer Manufacturing of Monrovia, California. While it is well known that Aspirin means Bayer, Bayer Manufacturing, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

## Wishing for sleep is a poor way to get it

A LITTLE wisdom in the daytime is a better assurance of rest than any amount of anxious wishing when nerves are a-jangle at night.

What you do at noon often has more influence on sleep than what you want and hope for, at midnight.

Tea and coffee's drug element, caffeine, whips up the nerves, and when its use is continued there's usually a penalty which no amount of mental effort can avoid.

The part of wisdom, so many thousands have found, is to turn away from nerve-stimulation and, adopt rich, delicious Postum as the mealtime drink. Postum delights the taste, but brings no disturbance to nerves or digestion. Even the little children can share in the enjoyment of Postum at any meal.

It's better to anticipate warnings than to be driven by them.

It's better to encourage and preserve sound nerves and complete health than to listen to the clock ticks at night and say, "I wish!"

You can get Postum wherever good food or drink is sold and served. An order today may be the beginning, for you, of the great satisfaction and comfort which so many others have found in Postum.

Your grocer has both forms: Instant Postum (in tins) made instantly in the cup by the addition of boiling water. Postum Cereal (in packages of larger bulk, for those who prefer to make the drink while the meal is being prepared) made by boiling for 20 minutes.

### Postum for Health—"There's a Reason"

Made by Canadian Postum Cereal Co., Limited, Windsor, Ont.

## SPRING

Is the time when most people Need Blood Medicine or a Tonic, to relieve that tired feeling, to purify the sluggish blood after the long cold months. We have the kinds to suit you.

Blood Purifier	Sarsaparilla
Nyals, Na Dru Co. Rexall \$1.00 per bottle ....	That old favorite — Nyals and Na Dru Co. \$1.25 per bottle

## TONICS

A variety to select from to suit your special case.  
**Nyals Tonic** Specially for Spring. .... \$1.00  
**Nyals and Na Dru Co. Celery Nerve Tonic** \$1.25  
**Hypophosphites Compound.** Well known for many years ..... \$1.00  
**Crepshos.** That builds you up after Flu. A great tonic and lung tissue builder ..... \$1.00  
**Cod Liver Oil Compound.** Nyals, Na Dru Co. or Wampoles, a splendid thing for children or grown-ups

I hereby Certify to the Correctness of this Statement.  
 Dated at Irma this 10th day of February, 1922.

J. W. WYATT, Auditor.  
 N. M. MATHISON, Sec'y-Treas.

## MAIN STREET

Mr. J. Wilkins our local shoemaker intends leaving Sunday for England.

Mrs. K. Stewart has been spending the last week with her mother in Edmonton.

Mr. G. E. Armstrong of Botha shipped a car of horses from Irma to Calgary last Monday.

Mr. G. Rhorer, of Bullwark has been visiting his brother Richard during the last week.

The U. F. W. A. will meet at the home of Mrs. Love on Thursday, April 6th.

Mrs. D. P. A. McBeth returned last Monday night after visiting with friends in the Saskatoon district.

We are sorry to report that Mrs. A. E. Drue has suffered a relapse, and was taken to an Edmonton hospital last Monday for special treatment.

Those taking part in the "Country Gentleman" journeyed to Kinsella in a Ford truck, when they again played to a capacity house on Friday evening.

Mr. J. A. O'Rourke shipped a car of effects and horses to Stalwell last Wednesday. Mr. O'Rourke has taken a contract to put in a crop for a party owning land near Stalwell, Alberta.

Mr. Tucker of the hardware store, spent the week end in Edmonton. Mr. Tucker has rented Mr. W. B. Peterson's house on Third Ave and is moving his family here from Edmonton.

Mr. and Mrs. A. Millan returned to Irma last Saturday night after spending three months with relatives in Ontario, but Alberta's sunny climate looks good to him.

Last week Mr. V. Wetherby while working on the Rhager ranch north of town happened with a serious accident. One of the horses kicked him, breaking one of his legs. He was taken to Edmonton last Friday.

Mr. and Mrs. T. Coulthman returned Monday night. Mrs. Coulthman went east for her health last fall and Mr. Coulthman joined her in Ontario during the winter. We are glad to report that Mrs. Coulthman has greatly improved since she left Irma.

Mrs. W. Harper and Mrs. C. Nash from near Toronto, Ontario, accompanied Mr. and Mrs. Coulthman. Mr. Harper and Mr. Nash are following with their settlers effects. They intend settling in the Orbindale district.

A wedding of considerable interest to Irma and district was solemnized at the Irma parsonage by Rev. G. Elliott, at high noon on Thursday, when Miss Bessie Barker and Mr. Roy Taun, both of Orbindale, were united in the holy bonds of matrimony. Both bride and groom were unattended. The happy couple after a serenade by the High School pupils and a luncheon at Mrs. Shaw's left for the groom's farm in the Orbindale district.

On Wednesday afternoon last at the regular monthly meeting of the Ladies' Aid was held at the home of Mrs. J. W. Graydon. A pleasing feature of the afternoon was the presentation of a kodak by members of the Ladies' Aid, Missionary Society and the U. F. W. A. to Mrs. Harvey Patterson in recognition of the active part she has taken in the different organizations since coming to Irma four years ago. Mr. and Mrs. Patterson intend making their home at the coast.

## IN THE LEGISLATURE.

The legislature will conclude its sessions this week after having been in session since February 2nd. Up till last Friday, a total of 95 bills had been introduced at the session in '21 a total of 97 bills were passed. Since Thursday last, three sessions a day have been held, in order to expedite business and conclude this week.

The estimates for the coming year were passed by the house, the final item being consented to on Thursday night. The estimates provide, among other things, for expenditure of \$2,000,000 in construction on telephone system chargeable to capital, of \$3,218,000 for construction, improvements and payment of interest on bonds, on railway lines controlled by and endorsed by the government, and of \$10,000 for drainage districts on capital account, and \$15,000 towards colonization of irrigation districts. In public works there is provided \$283,000 for construction of the for mentally deficient children at Oliver, near Edmonton, and \$562,000 to be spent upon the new normal school and technical institute at Calgary. The usual grants to exhibitions and agricultural societies are given, but have been reduced from last year. Provision is made for further assistance in creamery work in the province, and also for assistance in poultry marketing. The only department where any great increased expenditure has been permitted is in the health department, in which \$288,000 is allowed for hospital grants and \$114,000 for tuberculosis work. Provision has also to be made by the government for a \$500,000 bond payment during the year. A total of \$140,000 is included to care for grants for unemployment relief, and grants to the G. W. V. A., Red Cross and similar organizations.

### EXHIBITOR

To the Editor, IRMA Times:

Dear Sir:  
 The writer would like to know why part of the Irma Fair prize winners' names were not published in the Irma paper. Must be some good reason otherwise they would surely have been published. Friendly rivalry is a fundamental part of community building, but we must know who's sitting in, or the games not worth a Tinker's d—  
 —XYZ

The Times has published all reports handed to us. If the secretary will furnish us with the additional prize winners we will be pleased to publish the list.—Editor.

"How long has it been since you were to church?" "Inquired a local minister of a gentleman at whose home he was calling. "Why I don't exactly remember," he said, and his wife, who overheard the conversation, remarked: "Do you mean to say you've forgotten our wedding day?"

Most of the married women do not want a rich man for a hubby, judging by the way they proceed to relieve him of his cash.

"What are the drawbacks of this country?" asked a teacher at a recitation at the schoolhouse recently. "Mustard Plasters," responded a pupil who is evidently a careful observer.

A citizen here says that an oil company in which he bought some stock a while ago has struck a gusher. The gusher was the fellow who wrote the prospectus.

## Drillers Chance To Secure Choice Locations

By pooling a number of the choicest leases in the Irma Field, we are in a position to offer you the best drilling proposition it is possible to secure.

Our leases are all surrounded, or adjoining holdings of Imperial Oil Co. or other big companies. Acreage will be allotted so that you will have holdings adjoining any well on our land. If you are in a position to do actual development work, and mean business, write for maps and other information.

### Write for Free Copy New Booklet

I have prepared a booklet on "How Geology has made Oil Drilling Safe," and "Geology pertaining to Balcones Fault Area," by reason of the oil gusher sensation at Mexia, Texas. The big fault line known as the Balcones Fault is being ascertained carefully by most eminent geologists in the field followed by the major oil companies as well as independent operators. This little booklet is alive with data, illustrative maps and figures, prepared to show you why oil is discovered under geological conditions. Issued by Herbert T. Knapp, Geologist-Engineer, El Dorado, Ark., U. S. A.
